Derek - We need your help. We are see a significant increase in orders for people in Corpus Christi and Beaumont. As such, the planning folks are asking us if we have beds for these people Presently, we feel confident that you do have room but I would be helpful if we could monitor the occupancy and duration of the occupant's stay. Provide this information once and we will track it from here. With that, could you send me how the trailers are number or identify; the names of those who are presently occupying trailers with their deploy date. When sending the names please provide the trailer number and bed indicator.... For example:

John Smith Dday: 9/28/17 (travel date) Trailer #2 bed A. the front bed could be A and the back bed – B. Trailers could be numbered 1-20. Whatever is best for you all.
